

Gold Rush Snapshot Tour

Your Name: _____ Date: _____

At the beginning of the program or before the program starts, draw a picture of or describe someone who would go to a gold rush.

After taking part in the program, how might you change your picture? Who else took part in BC's gold rush?

On the map of BC, put a star for Victoria and highlight the Fraser River in yellow.

People come to gold rushes for many reasons. List some things that would push a person to leave their home and in the second column list some things that pull or draw a person to look for gold.

Push Factors	Pull Factors

At the start of the Fraser River gold rush, the first large group of Chinese people came to BC. Look through the *Gold Rush* pathway Look section and pick 2 images that interest you and explain why.
